Dear Sirs,

**Ref: {Enter Reference Number} – {Non EU Spouse Name} Family Permit**

I have pleasure in enclosing a copy of the application form we recently submitted on-line and the supporting documentation in application for my husband's UK family permit.

I, *{British Citizen's Name}*, as a British citizen have exercised my treaty rights as per the Directive 2004/38/EC of the European Parliament and the Council of 29 April 2004. I am currently exercising my treaty rights as a self-employed person in Ireland. I have been self-employed since *{Date company started}* to date *{or date company closed}* and shall continue to operate and run the business in the UK *{if applicable}*. I have enclosed the company accounts for *{enter months you have enclosed e.g. July – September}*. As the company is in the start-up stage, the income has yet to reach its full potential. In support of assuring you of it being effective and genuine, I have attached additional documentation to validate the company's authenticity.

My husband, *{Non EU Spouse Name}* has resided with me in Ireland whilst exercising said treaty rights, may now return to the UK with me, unimpeded.

I am pleased to sponsor *{Non EU Spouse Name}* for settlement in the UK on the basis of marriage. Please find included with this letter, our original marriage.

We arrived in Ireland on *{Date of Arrival}* to settle in Ireland and currently live at *{Address}* and have done so since *{Date you moved in}* and shared a mutual rental residency agreement and utilities. Please find included with this letter, the lease and PRBT as evidence of residing in another EEA state.

Personal circumstances have arisen which has necessitated a change in our initial plans to settle in Ireland but I would like to assure you that in the time we have lived in Ireland, we made it our centre of life. *{Change to suit}* I have attached a letter from my children's school. *{Add any additional information you feel might strengthen your case to support Centre of Life}*.

I wish now to move to the UK with my non EU husband, *{Non EU Spouse Name}* under the legal precedent set by ECJ Case C-370/90 (SURINDER SINGH). Per the Surinder Singh Judgment ECJ Case C-370/90, as I have exercised my treaty rights in accordance with the Free Movement Directive 2004/38/C.

We have been married since 2001 after meeting in Scotland whilst my husband was working in Scotland on a 2 year working visa and have lived together since 1999. We have 3 children together and have lived as man and wife continuously. *{Change according to your own circumstances}*

I have noted the supporting documents enclosed with this application below.

Kind regards,
